About

The Walking for Harm Reduction through Street Engagement (WHiSE 2.0) project seeks to generate new insights into the harm reduction needs preferred and used by Indigenous people in Thunder Bay, Sault Ste. Marie, and Sudbury. Also, the project aims to determine the rates of sexually transmitted and bloodborne infections and substance use among Indigenous populations in these cities. By gathering data on preferred harm reduction approaches, the research team can evaluate the effectiveness of strategies, enabling Community Leaders, Elevate NWO, and Oahas to tailor their services to better meet the needs of their Indigenous clients.

Land Acknowledgement

We would like to acknowledge the Robinson-Huron Treaty of 1850. This project is located on the traditional lands of the Atikameksheng Anishnawbek. The City of Greater Sudbury also includes the traditional lands of the Wahnapitae First Nation. We extend our deepest respect to Indigenous peoples.

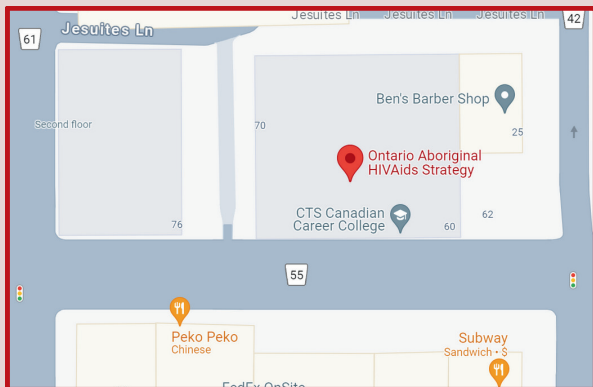

**ONTARIO
ABORIGINAL
HIV/AIDS
STRATEGY
(Oahas)**

Services

Oahas provides culturally respectful and sensitive programs and strategies to respond to HIV/AIDS among Indigenous people in Ontario. Some of the services they offer are:

- Harm reduction supplies (e.g., condoms and naloxone)
- Assistance accessing food, clothing, and shelter
- Access to traditional medicines and supports
- Support with HIV/AIDS discrimination issues, including referrals to legal supports
- Pre and post-test supports

**N'SWAKAMOK
NATIVE
FRIENDSHIP
CENTRE**

Services

The N' Swakamok Native Friendship Centre translates to where the three roads meet. The centre develops and implements programs meeting the social, cultural, and recreational needs of Indigenous communities. They offer a Drug and Alcohol Program that provides:

- One-on-one assessments and support
- Referrals to withdrawal management, recovery homes, rehabilitation, and treatment centres
- Spiritual and cultural circle groups
- Home, hospital and jail visits upon request

A top-down view of a wooden desk. In the top right corner, a portion of a white computer keyboard is visible, showing keys for 'tab', 'caps lock', 'shift', 'fn', 'control', 'alt', 'option', 'A', 'Z', and 'X'. In the bottom right corner, a blue clipboard holds a white sheet of paper with some faint, illegible handwriting. A silver stethoscope is resting on the paper. A large, light blue rectangular box with a darker blue border is centered on the page, containing the text 'TRUENORTH ADDICTION MEDICINE PROGRAM' in bold, blue, sans-serif capital letters.

TRUENORTH ADDICTION MEDICINE PROGRAM

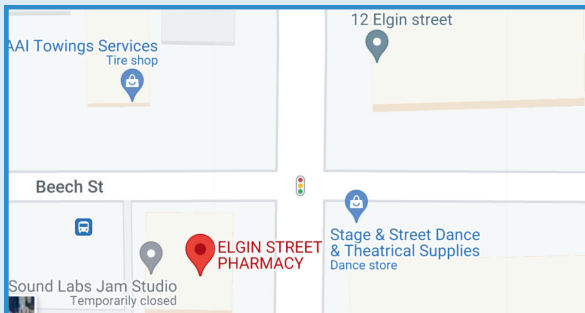

Services

TrueNorth Medical Centres provides comprehensive substance use disorder services on a non-urgent, walk-in basis.

They offer:

- Methadone treatment
- Suboxone treatment
- Kadian treatment
- Alcohol use disorder treatment
- Benzodiazepine taper
- Smoking cessation program
- Hepatitis C treatment
